PUBLIC NARRATIVE

On the specified date, time, and location, a unit from the Secret Service Uniformed Division received a distress call regarding an individual exhibiting signs of mental distress outside the Israeli embassy. Before the Secret Service officers could engage, the individual, referred to as Subject-1 (SUB-1), doused himself with an unidentified liquid and set himself on fire. The Secret Service officers promptly intervened, extinguishing the flames before the arrival of the fire department. SUB-1 was subsequently transported to a local hospital due to the burns sustained from the incident.

Despite all lifesaving efforts, Sub-1 died and was pronounced dead by Dr. Hui Zheng at 2006 hours.
